

TRIM COIL

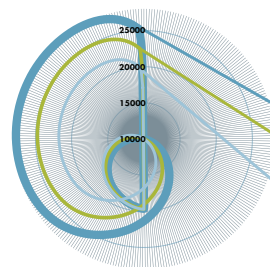

A cut above your average coil.

QE offers a wide variety of trim coil for custom fabricating decorative accents and design elements, and for protecting hard-to-reach areas. Our trim coil comes in many different finishes, metals, thicknesses and colors to suit a variety of purposes. Whether you're using treated or untreated lumber, we have the exact product for you!

- Trim coil options for every situation.
- Performs better in the brake and on the house.
- Comes in many different finishes, metals, thicknesses and colors.
- Recycled aluminum that is specially annealed, so you can actually feel the difference.

QE's trim coil allows you to choose the best trim coil for each application.

Each trim coil option is painted and tested to last and protect.

QE's **H28** trim coil requires more force to bend while finding an exact and permanent ending point more quickly.

- H26 Coil
- H24 Coil

Trim Coil

ECONOMY/BASIC

Designed and engineered to compete with common trim coils.

- Aluminum
- Smooth Matte Finish
- Economy 0.016", painted 2 sides
- Basic 0.018", painted 1 side
- Q800 TuffTech™
- Do not use trim coil over treated lumber
- Limited Lifetime Warranty

NO-MAR Q5000®

Made from a high-performance, specially annealed aluminum alloy and our exclusive No-Mar Q5000® paint finish offers an unmatched scratch-resistant surface with better UV protection and stain protection than other conventional paint systems.

- Aluminum
- Pebble Finish
- 0.019", painted 1 side
- Do not use trim coil over treated lumber
- 20 Year Warranty

TRUCEDAR® TRIM COIL

Embossed TruCedar® trim coil, available in both solid and woodgrain colors, is ideal for wrapping trim surfaces such as window and door casings, fascia or porch posts.

- Steel
- 0.016", painted 1 side
- TruCedar Embossed Woodgrain
- Kynar®
- Do not use trim coil over treated lumber
- Limited Lifetime Warranty

Q800 TUFFTECH™

(SMOOTH, WOODGRAIN AND XTRA STRENGTH)

Q800 TuffTech™ has a multi-purpose, polyester finish applied to high-performance, specially annealed aluminum alloy. The metal is tempered for a rigid application and cleaner aesthetic.

- Aluminum
- Smooth Matte Finish (Q⁸ and X_s)
- TruLine Embossed Woodgrain (W_G)
- 0.019" (Q⁸ and W_G)
- 0.024" (X_s)
- Painted 2 sides
- Q800 TuffTech™
- Limited Lifetime Warranty

ISOCOIL®

Corrosion-resistant trim coil offering a laminated film that provides a layer of protection between the lumber and the coil itself.

- Aluminum
- Smooth Matte Finish
- 0.025", painted 1 side
- Top Coating: Q800 TuffTech™
- Backing: Corrosion-resistant Vinyl
- 20 Year Warranty

VESTA TRIM COIL

Vesta Steel Siding® trim coil is available in a curated designer color palette of solid and realistic woodgrain colors for completing the finishing details for any commercial or residential project.

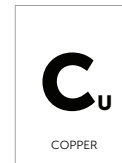

- Steel
- 0.016", painted 1 side
- Smooth Matte Finish
- Kynar 500®
- Do not use trim coil over treated lumber
- Limited Lifetime Warranty

TRUCOIL® PVC

PVC paint systems are the least environmentally friendly of all the paint systems available today. Some markets desire a PVC finish because of the striated texture paint.

- Aluminum
- Striated textured paint
- TruLine Embossed Woodgrain
- 0.019", painted 1 side
- Q800 TuffTech™
- 20 Year Warranty

COPPER

- Bare Finish
- 16 oz.
- Limited Lifetime Warranty

COLOR AVAILABILITY
